# Quick. Convenient. Secure. Adding Employees is Easy

Express Connect<sup>®</sup> makes it easy to add employees to your health plan. They simply go online to enroll. It's that easy.

## What You Need to Do

1. Provide your new employees with the Express Connect: Online Enrollment Guide for Employees.

#### To download the guide:

- Login at www.starmarkinc.com.
- Select Administration > Administration Kit.
- Under Enrollment > Member Resources, click on the link to open the Online Enrollment Guide for Employees.
- Save the PDF file to your computer and email it to your employees, or print the enrollment guide for your employees to review before enrolling.
- 2. Provide your new employees with your Group Number, as this information is necessary to begin the enrollment process.
- 3. If you offer ancillary coverage or more than one health plan, discuss these options with your new employees before they enroll.

### Enrolling for Coverage

After your new employees read the enrollment guide, they can login to a secure website at www.starmarkinc.com/starmark/express to enroll.

### Completing the Process

Employees should view or print a copy of their enrollment form upon finalizing their enrollment online, as a copy will not be mailed to them.

You will receive confirmation of your new employees' enrollment from Starmark® when you receive the Plan Document (within 7 to 10 business days) to distribute to your new employees.

Paperless Medical Underwriting and Enrollment

#### Plan design availability and/or coverage may vary by state.

Self-funded plans are administered by Starmark, and stop-loss insurance coverage is provided by Trustmark Life Insurance Company.

Starmark<sup>®</sup> administers self-funded health benefit plans, offering extensive plan design choices, exceptional personal service and nationwide provider access. **Starmark – The leader in self-funding for small groups.**
